

### 3D PARTS SCANNING

- Precision reverse engineering for parts
- Available both in-house and on-site
- Compatible with all sizes and finishes

### 3D PRINTING

Engineering services to transform samples or models into high-quality 3D-printed parts.

### REPAIR CENTER

- Shaft Reconditioning
- Gearbox & Pump repair
- Roller reconditioning

### ASSEMBLY SHOP

Assembly solutions to reduce in-house assembly. No matter the size, we're here to help.

### T-SLOT CENTER

- In House Design
- Fabrication
- Assembly
- Kit Packages

### WELD CENTER

We provide professional welding services for a wide range of materials, shapes, and sizes, ensuring precision and durability for every project. Our expertise covers structural, industrial, and custom fabrication welding, delivering high-quality results tailored to your specific needs.

## MACHINING & PRODUCTION

### CNC Lathe HAAS ST-35LY

Ø13.75" Maximum  
Ø4" Bar Feed Capacity  
62.5" Long for >Ø4"

### CNC Maching Center HAAS VF-5SS

X Axis 50"  
Y Axis 26"  
Z Axis 25"  
Table LxW 52" x 23"

Our manufacturing capabilities include advanced CNC and manual machining, utilizing lathes, milling machines, and machining centers to produce high-precision components. From prototyping to full-scale production, we deliver reliable, high-quality machining solutions tailored to your specifications.
